
Benefit

Teachme Biz is a Visual SOP Management Platform where work process can be shared and allows business improvement.

studist

Mission vision / Corporate philosophy

Get your message across, Simply. We think about ways to reduce the communication-related loss so that people could focus more on productive and creative jobs, improve progressively.

01 In the era of labor shortage, it is time to reform the working style.

By using Teachme Biz, improvement towards productivity, work efficiency, HR development and training, etc. can become possible.

Customer's Real SOP

02 Identify bottlenecks.

Visualizing the whole work process may not be done easily by using Office Software. On the other hand, by using Teachme Biz, staff is able to visualize their working procedures easily.

03 Paperless manuals could cut the cost.

Paperless manuals could cut the cost. After printing, distribution cost will increase. In contrast, by sharing manuals in a cloud service, printing and delivery costs will not be incurred.

04 Standardizing Operational Quality.

Work standard can be improved by sharing correct and easy-to-understand work procedures. Together with the use of PDCA, team's productivity can also be enhanced.
